## Welcome

The Tri-State Budgerigar Society's officers and members wish to extend to you our warmest welcome together with our sincerest thanks for attending our twenty-seventh annual show. This year we are hosting a two day show for the sixth time. Each day will have a different judge and slightly different format.

2017 marks our thirty-third year anniversary as a club. Tri-State has come a long way from that date in February of 1984, when a group of people met with the desire to form a club. Many clubs in that time frame are no longer in existence and there are fewer shows. We are delighted that our club remains strong and so far, has been able to put on an annual show that has now expanded to a double event. It gives our members great pleasure to continue the tradition of hosting a show and giving budgie enthusiasts a place to gather for a common interest.

Hopefully, new hobbyists will enjoy the experience and take advantage of an opportunity to learn about budgie breeding and showing. New members are always welcome. An application can be found in the catalog and on our display table, which you are invited to browse.

If you are a breeder entering your budgies in competition, we wish you the best of luck. May you find success, and win awards and bragging rights commensurate with the hard work you've done to get here. Winning against the level of competition characteristic to the Tri-State Show is an achievement to be proud of.

After the Saturday show, exhibitors and club members are invited to join us at a reasonable priced area restaurant for a meal. Directions will be provided at the show. This is a good opportunity to relax after a long show day and to enjoy some time chatting with budgie friends old and new.

Thank you all for supporting Tri-State by traveling to our show and for donating items, time, services, birds, and so on. Because of all of you, we are able to host a successful annual show and keep the club going. Please look through this catalog and support the vendors listed within that have generously donated goods or services or gave the club special consideration or a discount. Let them know you saw their ad in the Tri-State Budgerigar Society's show catalog so that the company will know their promotional gift to us has worked to bring them business.

Marcia Halbert / President, TSBS

<u><a href="#">Days Inn - Princeton North #198</a></u>	208 New Road	08852	(732)821-8800

**Pet Policy:** Pet Fee \$25 per day; most Days Inn properties allow one (50lbs. or less) pet per room unless prohibited by state law or ordinance. Pets must be attended at all times and kept on a leash when not in your room. (Was a Red Roof Inn.)

### East Brunswick, NJ

Hotel	Street	Zip	Phone
<u><a href="#">Best Western - East Brunswick</a></u>	764 Rt. 18 North	08616	(732)238-4900

**Pet Policy:** Pets accepted – Guests can arrange to bring pets by contacting the property directly; pet fee \$20.

**Features:**

Closest to Show Hall. Across from Brunswick Square Mall; right next to IHOP. Complimentary continental breakfast; free Wi-Fi. Check-in time starts at: 3 PM; check-out time: 11 AM.

<u><a href="#">Motel 6 - East Brunswick</a></u>	244 Route 18	08816	(732)390-4545
---	--------------	-------	---------------

**Pet Policy:** Pet fee is \$10.00 per day to a maximum of \$50.00 per stay. All pets allowed unless prohibited by state law or ordinance. Pets should not be left unattended. If a pet is left unattended in a room, housekeepers are not allowed to clean your room due to safety concerns. Pets must be kept on a leash when outside your room. Wi-Fi is \$2.99 a day.

<u><a href="#">Studio 6 - East Brunswick</a></u>	246 Route 18	08816	(732)238-3330
--	--------------	-------	---------------

**Pet Policy:** Pet fee is \$10.00 per day to a maximum of \$50.00 per stay. All pets allowed unless prohibited by state law or ordinance. Pets should not be left unattended. If a pet is left unattended in a room, housekeepers are not allowed to clean your room due to safety concerns. Pets must be kept on a leash when outside your room. Wi-Fi is \$4.95 a day.

Hotels have not been previewed and are just suggestions for the closest, reasonably priced, pet friendly accommodations nearest the show hall. Pet fees may or may not apply to a cage of budgies, be accurate, or be negotiable. Tri-State has not obtained special rates or reserved any rooms. Rooms may or may not be available for the dates of the shows so exhibitors should book reservations as soon as possible. **Note:** The Days Inn (formerly Red Roof Inn) has been receiving bad reviews.

The Days Inn is 9 miles and 15 minutes from the show hall. Motel 6 and Studio 6 are about 6 miles and 10 to 15 minutes from the hall. The Best Western is 3.5 miles and 6 minutes from the hall.

The Best Western is the closest to the show hall; Days Inn is the furthest.

**Map shows relative distance between NJ Turnpike exits, Show Hall and suggested hotels.**

NJ Turnpike **exit 9** is shown at the top right; **exit 8A** is the bottom center.

**H** is the show hall at the Middlesex County 4H Youth Center Log Cabin.

**BW** is the location of the East Brunswick Best Western Inn hotel.

**M6** is the location of the East Brunswick Studio 6 and Motel 6 hotels.

**RR** is the location of the Monmouth Junction Days Inn hotel.

There are four additional pet friendly hotels that you may wish to consider near the show hall and exit 8A of the NJ Turnpike. They are priced somewhat higher than the budget ones listed on page 4. A hotel booking site will probably find you a better rate than direct booking. These are located about 5 to 7 miles from the hall. Towneplace just opened as a brand new hotel in June 2017. Staybridge shows the lowest pet fee online of all of these but these fees can be negotiable based on the type of pet and length of stay.

## **Directions to the Middlesex County 4 H Youth Center Log Cabin 645 Cranbury Road (Rt. 535) East Brunswick, NJ 08816**

The 4 H Youth Center Log Cabin is located adjacent to the Heavenly Farms land and the Middlesex County Fairgrounds. Of all the show halls we have used over the years, this one is the easiest to get to after getting off a major route. At most, you will have to take two roads after getting off the New Jersey Turnpike and you should arrive in about fifteen minutes or less. There are also numerous local roads that will get you to the show hall. Almost everyone has internet access for mapping services or navigational systems that can customize your trip, so we are posting only basic directions using the New Jersey Turnpike / I95 (toll).

### **If you are heading North, take exit 8A for Jamesburg / Cranbury from the right**

Follow signs for Rt. 32 West / Cranbury / Rt. 130 / South Brunswick. Turn right at traffic light onto Rt. 535 North / Cranbury-South River Road. Continue 4.8 miles. Turn left through chain link gate into the parking lot just before the Fern Road traffic light. (Note: After exiting at 8A, if you cross through or end up on Forsgate Dr., you are going the wrong way.)

### **If you are heading South – take exit 9 for East Brunswick / Shore Points from the right**

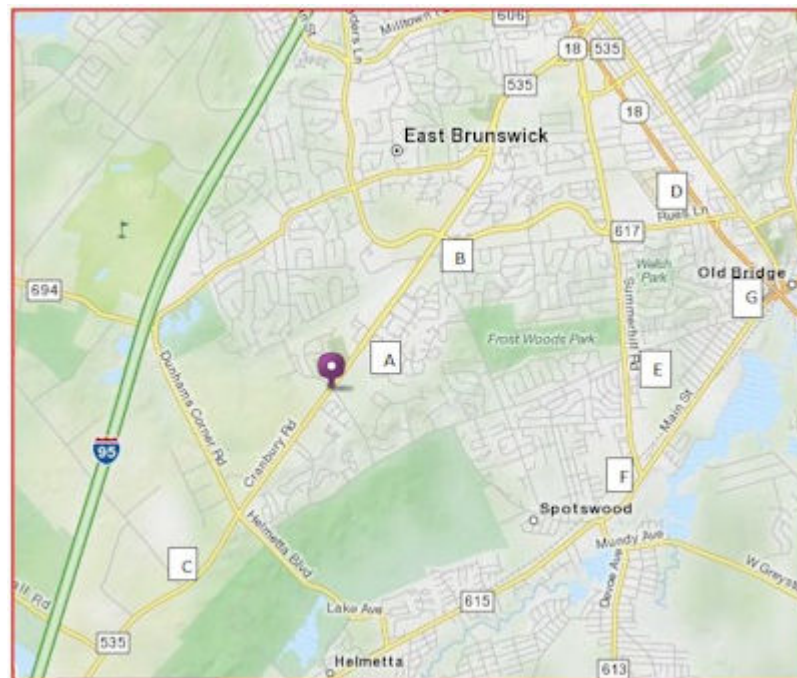

Once you are on the exit ramp, head towards the left side of the toll booths and stay towards the left after paying the toll. Follow signs for East Brunswick / South River / Shore Points, and merge onto Rt. 18 South. Stay on Rt. 18 South for about 2.5 miles or so. Take the ramp on your right at the Raceway gas station toward Cranbury onto Rt. 535 South / Cranbury Road. Note that this road will be after Kohls, Lowes and the overpass for Milltown Road. Continue on this road for 3 miles but be sure to stay left on Cranbury Road where it breaks right for Dunhams Corner Road at the cemetery that will be on your right. Turn right through the chain link gate into the parking lot just past the traffic light for Fern Road.

## **Food Options**

Tri-State provides bagels, donuts, pastries, chips, coffee, water, soda, and such during the shows for our guests. The club will provide lunch at no charge to our judges, club members and exhibitors both days. Anyone else present may join us for lunch for a suggested donation of at least \$5.00 to help our club cover costs. Numerous places to eat in the surrounding area are listed in the catalog with a map to help you navigate your way if you choose to eat out. The restaurants listed first are closest to the hall. There are also fast food places like Dunkin Donuts, Starbucks, Wawas, Wendy's, McDonalds, Burger Kings, KFC, Boston Market; four all you can eat buffets; Chili's, Colonial Diner, Seville Diner, Bonefish Grill, Carrabas, Applebee's, Perkins, and many other restaurants. Places are located in either direction along Rt. 535, (This is Cranbury Road, which is the road the show hall is on.) Ryders Lane and the Rt. 18 corridor that is north of Main St. and extends beyond the map area shown.

## **Map Showing Places to Eat**

Most of our meetings include time for "budgie banter," an open discussion where members can ask questions, admit problems, complain, boast, inform, suggest solutions, or offer friendly advice.

Newsletters are provided to members several times a year as a means of verifying decisions made and items completed. They usually run about 8 pages or more; serve as a reminder of upcoming events; provide members unable to attend particular meetings with a quick overview of club happenings and contain useful information. Included are guest articles, photos, quizzes, interesting websites, facts, member news and reports or news from officers and committees. The newsletter is normally e-mailed to members, but members can also purchase a subscription that will be sent by regular mail.

If you are interested in joining Tri-State, fill out a Membership Application and mail your payment with it to:

Tri-State Budgerigar Society  
4 Wendy Lane  
Marlboro, NJ 07746

Why not just simply attend a monthly meeting, have a cup of coffee, and meet our happy family of Tri-State members?

\* \* \* \* \*

If you are not close enough to attend our meetings and you don't have a club near where you reside - consider forming a club of your own. It is easy to find others in your area by networking at shows; through the use of newspaper or online classifieds; Facebook and other social media; and even online local message boards or bulletin board postings at places you visit or shop at.

## **Membership Information**

The membership of the Tri-State Budgerigar Society cordially invites you to attend one of our meetings. We'd be delighted to see you and hope that you'll find yourself among kindred spirits and join the club.

The club attracts budgie enthusiasts from the New Jersey / New York / Pennsylvania area and beyond. It includes members from all levels of the hobby, from junior and novices to intermediate and champion breeders, whose knowledge, experience, and leadership are invaluable to the beginning hobbyist. We also have a few non exhibitor pet owners among us.

Meetings generally take place on the third Sunday of the month at 2:00 p.m. and are currently held at the home of one of the members. In 2014, we also began hosting some Saturday meetings to better meet the needs of members. In addition, we have an annual picnic open to members, family, and friends at a central New Jersey park. The club provides beverages, hamburgers, hot dogs, paper goods and condiments. Everyone is asked to bring side dishes, appetizers, snacks, desserts or a favorite dish to share. In lieu of a December meeting, we gather for brunch or dinner at an area restaurant for the holidays. Club members, family, and friends are all invited. Other club activities are a member rare show in March and a member baby show and futurity in October at which we also enjoy Soup Share and Pot Luck Suppers so that all members may enjoy the social aspect and camaraderie of being part of a club.

Our annual sanctioned show takes place in July or August and it became a two day event in 2012. The show has five Budgerigar Association of America (BAA) sponsored divisions for exhibitor bred birds. There are also two pet divisions held at the Saturday show that are sponsored by our club for birds that have not been bred by the exhibitor. Everyone is welcome to participate, including youngsters. Awards include various ribbons, medals, award certificates and Challenge Certificates. Birds are also generally available for sale and vendors may also be present.

At regular meetings, a member may give a presentation using live birds, charts, photographs or other visual aids. Subject matter may be their area of interest or experience or a researched topic. Presentations have included egg development; specific mutations; aviary construction; soft food recipes and show preparation. Other topics have been bird photography; nutrition; edible plants and herbs; poisonous and hazardous substances; finding pet sitters and record keeping. Occasionally, guest speakers such as a judge or avian veterinarian are presenters or we go on a field trip to visit places such as the Raptor

Trust in Millington, NJ or Arcadia Bird Sanctuary, previously located in Freehold, NJ.

Nutri-Berries™, Everything there is to know about bird food...all rolled into one.

In the wild, hunting and gathering food is a bird's favorite activity. What attracts them? Certain colors, Specific shapes. Particular textures.

That's something avian veterinarian Dr. T. J. Lafeber knew early in his practice. The question was how to pin down the specifics of all those things and incorporate them into a ready to eat bird food.

The answer is found in Lafeber's Nutri-Berries.

For starters, Nutri-Berries are richly textured, vibrant and loaded with goodness in every crack and crevice. They're 100% nutritionally balanced. Most important, 96% of the berry gets eaten. Which means the nutrition ends up in the bird... and not on the floor.

Nutri-Berries. When you look around, anything less is just plain bird food. For your free new guide to good nutrition and the latest in Lafeber products, call 1-800-842-6445.

## **Budgie Auction – Saturday**

We will be having an auction of a few outstanding exhibition budgies from the top breeders in our regional area. The birds will be on display early Saturday morning for viewing and for initial bidding on paper. Later in the day, the birds will go up for final bidding from the audience. This is the most fun part of the show as the bidding gets fierce and grows higher! It is a great way to bring in an outcross for your breeding program. The auction is our club's biggest fundraiser of the year and the proceeds are what we use to go towards hosting a show, which is becoming cost prohibitive for many clubs. If anyone else would like to donate one of your better birds for the auction, see Chuck Romano Saturday morning.

## **Going on at the Show**

Birds will be available for sale from various breeders and we are looking for vendors. There will be prizes and some fun giveaways for exhibitors and guests.

## Budgie Primer

Budgies, short for budgerigars and commonly referred to as parakeets, are undoubtedly the best known of all the world's parrots. Technically, the broad term "parakeets" covers budgerigars and many other species of small long tailed parrots. Calling them "budgerigars" is the proper word to use. Great numbers of these little birds are kept as pets in many lands, and there are sound reasons for their popularity. Their delightful personalities, affectionate nature, entertaining behavior, hardiness and long lives help assure them a place in the hearts and lives of their human companions for many years. They come in a wide variety of beautiful colors, frequently talk, and bond readily with humans. Budgies breed freely in captivity and are widely available at a reasonable price.

Their small size keeps their care inexpensive and easy. Budgie seed mixes are available in every pet store. Supplementing this with an assortment of people food (no chocolate or avocado though), provides sound nutrition. Budgies have an astonishing variety of vocalizations, from chirps and scolds to warbles of almost magical sweetness. Their personalities range from shy and a bit timid to most impressively feisty and assertive. They get on well with other pets (cats notwithstanding) and don't hesitate to assert their rights despite their diminutive size.

In addition to the smaller standard budgies available for a modest price in most pet stores, there is also a variation known as the English budgie. These birds are the result of many generations of selective breeding. They are quite a bit larger and perhaps a bit chunkier than standard budgies but they come in just as many spectacular colors. A worldwide hobby has grown up around the competitive showing of these birds where they are judged to a standard. English budgies make just as wonderful pets as do standard budgies, although they are more difficult to obtain, ordinarily being available primarily from show breeders, and are usually a little more expensive than their smaller cousins. Budgies can be wonderful pets and delightful companions, not only as starter birds, but as birds worthy of a lifelong commitment in their own right.

Just as the word parakeet should not be used when really referring to budgerigars, the terms "English" and "American" are really not appropriate anymore. For one thing, budgerigars are native only to Australia; first making their way in the 1840s to England and then to other countries. In England, they were selectively bred to adhere to a set of standards. As these common little budgerigars took on a larger distinctive look, they were sought after worldwide and the "English" budgie was imported to other countries. After their arrival in the USA, standard sized budgies were referred to as "American" to make it clear which size bird was being talked about. These were commercially bred for the pet trade and widely available. Outstanding exhibition birds are now found across the globe. The two kinds of budgies should be called exhibition or show and pet, when referring to size and type.

## Show Information

### Introduction

This show is only open to budgerigars, *Melopsittacus undulatus*. Native to Australia and bred for both pet and exhibition purposes, they are known as budgerigars, budgies, English parakeets, American parakeets, and shell parakeets, to name a few.

Each bird may be entered in only one category, division and class. Birds entered incorrectly may be disqualified; attempts will be made to correct errors before the correct class is judged. Ask for help if unsure of how or where to enter birds. Exhibitors may not enter a division below what they are qualified for. If entering a higher division, you must stay at that level for future shows. Show committee reserves the right to check band numbers or refuse exhibits considered sick or detrimental to the show.

## Categories

Two separate categories of birds will be judged:

### BAA Divisions (Budgerigar Association of America) – Exhibition Type Classes

This one is for exhibition type budgerigars that have been bred by the exhibitor and banded with seamless coded bands, which are traceable to that breeder exhibitor. The guidelines used are set forth in the BAA Schedule of Classes with five division levels of classes - Rare Mutation, Junior, Novice, Intermediate, and Champion. These birds will ultimately vie for Best in Show (BIS) awards and Best of Variety Challenge Certificates (CC).

#### Note: Rare Mutation Division – Sections 30 – 40

This division contains varieties and colors considered rare and exhibitors may be from any of the other four levels of competition within BAA. Rare birds are ranked for placement without regard to exhibitor status. Winners are compared later to the best birds in the exhibitor's respective division for possible placement there and on the BIS bench.

### TSBS Division (Tri-State Budgerigar Society) – 2 Pet Classes – on Saturday Only

This category has no requirements for birds to be banded at all or bred by the exhibitor. It is open to the larger exhibition type budgies as well as the smaller common standard pet shop birds. You may enter a bird into either pet division; depending on what type of award you are trying to win. Keep in mind, a small type pet budgie will not fairly compete against the larger exhibition birds in **Class A**. A large exhibition type would not have an advantage in **Class B**. Birds with clipped wings, multiple throat spots or other faults may be shown but this may result in a lower ranking in **Class A**, where the birds are expected to meet the show standard requirements. Children entering birds in **Class A** may be disappointed if their bird places low or not at all. Birds are entered regardless of mutation, gender or age.

#### Class A) Pet - Winners Judged on Show Quality

BAA judging criteria is used and the best ten birds are selected and ranked based solely on show quality appearance; not pet appeal.

#### Class B) Pet - Winners Judged on Pet Appeal

Friendlier, more-creative criteria is used to award certificates based on pet appeal; not show quality. Examples are Most Colorful, Most Acrobatic, Friendliest, Best Talker, etc.

## Entry Guidelines for all Birds

**Entry Period:** All birds must be entered between the hours of 7:00 and 10:00 AM on Saturday and between 7:00 and 9:00 A.M. on Sunday. Judging will begin soon after. No pet birds accepted for the Sunday show.

**Fee:** Each exhibitor pays a daily \$3 entry fee per bird. There is no fee beyond 15 birds per exhibitor, per division so the charge to enter is capped at \$45 per day; \$90 for both days. Upon payment of entry fees, the Show Secretary shall then provide a Show Catalog or Schedule of Classes, Entry Form, and the appropriate numbered Show Cage Tags.

#### Cages:

**BAA Divisions** - one bird per standard show cage; no marks, names, toys, seed or water cups on or in cage; seed allowed on cage bottom. Exhibitors will provide their own cages and seed for bottom.

**TSBS Pet Divisions** - any cage (smaller preferred); no more than two birds in a cage and they must be entered in the same division; no names visible. Toys, seed or water cups are allowed. Exhibitors will provide their own cages.

As a gesture of good will to our club, Oasis/Korden will extend dealer pricing to TSBS members with proof of membership. Joyce D'Accardi will provide you with such proof as may be required.

**Birds:** Must be bred by the exhibitor, wearing closed bands traceable to that exhibitor. This does not apply to pet birds.

**Classes:** Birds must be entered according to the current BAA Schedule of Classes provided. Birds entered in a "young" class must wear a 2017 closed band. This does not apply to pet birds.

**Entry Process:** Two copies of the form must be completely filled out (or a two part carbon copy). Name, address, band code, division, section, class and bird's description must be given by BAA exhibitors on entry forms and show tags. TSBS Pet Division exhibitors only need to fill out their name and address and the bird's description if known, on entry forms and tags. Hang tag for correct bird on left side of horizontal cage bar. Stewards will then check forms, tags and birds; staple tags shut; give exhibitor their copy of entry form; and take the other copy to the Show Secretary. At this point, the exhibitor may no longer touch exhibits. The Steward then takes birds to the staging area where they are sorted into the order of how the divisions and classes will be sent to the bench for judging.

## Judging

Providing there are birds entered in each division, judging will follow a certain order. It will start with Pet Class A and then B; Followed by BAA classes starting with Rare Mutation, Junior, Novice, Intermediate, Champion, Best in Show, and Challenge Certificate (CC) determination.

**BAA Divisions:** Each will have its sections judged in numerical order with the classes in each section done the same way. Class winners are grouped to determine section winners. Then section winners are worked down to a division top ten but can be up to thirteen birds. BAA format calls for the division winners to include a first place known as Best, a Best Opposite Sex, a Best Young and a Best Opposite Sex Young, provided that birds to fill those positions were entered. All BAA Division winners will be compared for possible placement on the Best in Show bench, which follows the same format. CC winners are challenged as each division level is judged and will be determined at Best in Show selection; however, certain criteria must be met.

**Pet Divisions:** Class A birds are ranked 1st to 10<sup>th</sup> place using the same criteria and comparison to other birds as in the BAA classes. Class B shall receive merit awards based only on pet quality and appeal.

**Note:** There may be a reason to deviate from this planned order of judging on the day of the show due to judge's discretion or special circumstance.

## Display of Winning Birds

No cages will be removed from the final benches other than for photographs at the time exhibitors are invited to do so and then the cage will be put back into its spot on the bench. All exhibitors entering this show agree to allow birds on the final winning bench – for BAA Divisions, Best in Show, and Challenge Certificates – to remain on display for viewing and photographs, for no less than 20 minutes. This is for the enjoyment and consideration of all those present.

## Security / Checking In and Checking Out

Only the Judge or Stewards will handle the show cages once taken from you. Exhibitors and guests will not be permitted in the staging area at all and cannot go near the bench during the judging process. All BAA Division birds entered must remain in the show until the end of all judging each day. Birds entered in the Pet Divisions may be retrieved immediately after photos and the judging of their divisions if desired.

The Stewards will also be responsible for returning all birds back to you in the afternoon. The end of a show can become very chaotic and people at other shows have left without one of their birds or with the wrong bird. It became necessary to put precautions into place that will not be that much of an inconvenience to you. It is of greater importance to us that everyone leaves our show with all of their birds. We want everyone to go home with the idea that they had a good experience and will want to return. It is our wish that other clubs begin using a similar approach in the way that birds are checked out.

## End of Show

**Familiarize yourselves in advance with the steps on how the show will close and what security measures will take place. Your patience and cooperation are requested.**

1) The judge marks tags with final choices; ribbons and awards are given out.

2) The names and final placing of winners are revealed; any announcements are made.

3) The audience members will remain seated or well away from the winning birds while only the working show personnel - including Stewards, Photographers, Prize Workers, Show Secretary, etc. - get called to the bench to view the birds or take pictures for up to 10 minutes.

9:00 am to 5:30 pm daily

4) After the show personnel have viewed the birds, they will return to their posts to work. Remaining exhibitors and guests will be invited to the bench to view and photograph birds for 10 minutes. After the viewing period, everyone will be asked to step away from the bench and be seated or stay well away from the bench. This is necessary so the Stewards may move about freely to retrieve birds from the final bench.

5) Once the Stewards have returned to their stations after viewing the winners, exhibitors will form a line at the designated "check out" area. Each exhibitor will then hand their copy of the entry form to a Steward and then step away. Out of courtesy toward our guests, club members are asked to wait until after all other exhibitors retrieve their birds.

6) A Steward will first retrieve an exhibitor's birds which have not won awards from the rear staging area. Birds will not begin to be removed from the winning show bench until after the minimum 20 minute viewing period has passed. When your birds have been gathered, you will be called back to the "pickup" area. Identification may be asked for if you are unfamiliar to the Steward. Your entry form will be checked off as your show cages are returned to you. As soon as the exhibitor and Steward are confident that all birds have been correctly returned, the exhibitor must move them immediately from the pickup area. A Steward will gladly assist you to an area where you can cage up your birds or help you to your car.

7) Do not leave your property or birds unattended once you have them back in your possession. Have someone trusted watch them for you while you are using the restroom, selling birds, packing your vehicle, or helping. Remember that cars get very hot inside and livestock can perish very fast.

8) You are welcome to leave your birds in the hall overnight with a locked building and gate but the members of Tri-State or the club itself will not be liable for any loss of possessions or livestock. You acknowledge that you are leaving them at your own risk. On Sunday, everyone is asked to gather up their belongings and exit the building as soon as possible after the show is over; unless you are helping with the cleanup of the hall. Please do not wait until the end of the day to sell or buy birds or to chat when we are attempting to clean the hall. At the end of the Sunday show, Tri-State members would like to quickly break down everything, clean the hall, and be on our way home. We very much enjoy this hobby and the people in it. However, we think you will understand that many of us will be exhausted after a long show weekend with preparation that starts for a few of us on Thursday or before.

The Tri-State Budgerigar Society is eager to have new hobbyists join the club. Why not fill out a membership application and join today?

Monthly meetings are presently held at several locations in central and southern New Jersey.

## Awards Phase Out Offer

Class and Section place awards are now colored dots for all divisions. Blue is 1<sup>st</sup>, red is 2<sup>nd</sup>, and yellow is 3<sup>rd</sup>. The club phased out the awarding of 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> place class ribbons and section rosettes for all Divisions. They were eliminated because of the incredible additional cost to the club and because using them adds to the length of the show. We still have some of them left that we would like to use up rather than put them in the trash. If anyone winning a class or section dot from any divisions would like to exchange the dots for a ribbon or rosette, see Marcia Halbert with your show tag at the end of each day's show. Ribbons and rosettes will be distributed until supplies run out on a first come basis.

## Responsibility Waiver

Entry and payment constitutes acceptance of all show rules. TSBS and its members accept no liability or responsibility for loss or damage to exhibited birds, property or for injuries to any members, exhibitors, vendors or guests either at, or in route to or from, this show or any meeting or function of the club.

## Support our Advertisers and Vendors

We would like to remind all of you that it takes a good deal of money to put on a show. It is a tremendous help to a club to have individuals or companies that place catalog ads or contribute products to our prize table or discount services, fees or prices of their products that we may need to purchase. If you see an ad in this show catalog, please consider patronizing the breeder and businesses and do let them know that you saw their ad in our catalog or their products at our show. This is also true of any vendors with tables at our shows. They may have paid for advertising or space, or donated something to our club. Giving them your business helps them know that their donation has been noticed and appreciated and if they receive business as a result, it is likely that company will continue to support us in the future. Many companies have stopped sending goods to shows because of budget cuts, shrinking sales or lower profits and the fact that they feel there is often no return on their investment. Every time a company makes a donation in some form, it is a type of advertising. They lose money though by being generous and there is no reason to give things away if there is no future business generated.
